Thanks for considering the Companion Music Folder.

Upon agreement to this contract one set of parts will be sent and licensed to one school or group of schools. (If contract applies to more than one teacher use additional contract forms.) The cost of this 90 day trial is \$80.00 per teacher (Includes \$10 for shipment and handling). Make check payable to **Companion Music Enterprises**. If you decide to keep the music, you would fill out the regular order forms and subtract \$50 of this trial fee from your total order. Should you decide against the music, you would need to collect all copied parts and destroy them and send the original parts back to Companion Music.

As the composer and arranger, I anticipate you and your students will enjoy this music. So far all teachers using The Companion Music Folder are pleased.

In good faith this music is being shared with you and I am sure that you will respect this informal agreement. Please sign and date.
